INSTRUCTIONS

Attempt **Four** questions only.
You must answer in clear continuous prose
Each question carries 25 marks.

Attempt any 4 questions only

1. Examine steps taken by Rwanda's Government of national Unity to eradicate poverty.
2. While science has done a lot to bring about improvement in the health and living conditions of human kind in general, it has at the same time created dangerous problems threatening people's lives. Discuss this statement.
3. What are the benefits of the Nine Year Basic Education to a developing country like Rwanda?
4. Explain the measures the government of Rwanda has taken to protect and preserve the environment.
5. Industrialization is the key to economic development of any country, what is the government of Rwanda doing to encourage the growth of industries.
6. Explain why rich industrialized countries give foreign aid to the poor developing countries and discuss the associated problems to the recipients of this aid.
7. The Rwandan people commemorate a genocide week in the month of April every year. Explain what brought about this event and what the government of Rwanda and the world are doing in order to prevent a repeat of genocide anywhere in the World.
