- Colonization of Africa.
- Environmental degradation
- End of feudalism
- High crime rate.

5. The first Sino-Japanese War (1894 – 1895) was fought between the Qing Empire of China and the Empire of Japan over the control of Korea. Due to the Meiji Restoration which opened up trade due to American intervention, Japan transformed into a modern state. Korea continued to exclude foreigners by refusing embassies from foreign countries and firing on ships near its shores. Japan turned its attention to Korea. It wanted to prevent any other power from domination Korea yet Korea had been a tributary state of China's Qing Empire.
Causes of the war included:
- Japan had established trade contacts with Korea which annoyed China.
- The desire for raw materials
- Strong leaders in Japan/Japanese strong army.
- There was land shortage
- Fear of western domination of Korea
- The desire by Japan to expand elsewhere
- The assassination of Kim Ok-kyun in March 1894
- The strategic location of Korea/interest of Japan in Korea
- The influence of Meiji rebellion
- Tongick rebellion.
- Weakness of Korea
- Japanese strong army
- Weakness of the Chinese army
- Spread of Japanese civilization
- Failure of negotiation between China and Japan.
6. - They invented the system of writing using symbols
   - They invented the craft of paper making in about 100 AD.
